

Mississippi Madawaska Land Trust

Preserving the land  Protecting the future

VOLUNTEER JOB DESCRIPTION

The mission of the MMLT is to preserve, restore and legally protect, private land areas and places having exceptional ecological, scientific, natural, aesthetic, and historic value, for the benefit of present and future generations.

FUNDRAISING VOLUNTEER

Description:

MMLT requires individuals who have a natural gift for inspiring donors to support a worthy cause. We always need passionate fundraisers who are able to convince others that MMLT is worthy to be their charity of choice.

Because MMLT hosts special fundraising events throughout the year, volunteers who have good ideas for events are more than welcome to assist with planning. If you can also leverage connections with local businesses and community groups as sponsors, your contribution will be invaluable.

Over the years, a significant amount of our revenue has come from grants. We could also use volunteers with a talent for grant-writing and who have some knowledge about existing funding opportunities for environmental purposes.

Fundraising volunteers work under the guidance of the Chair of our Finance and/or Fundraising Committees.

Skills:

- Intimate knowledge of MMLT's mission, general philosophy and financial responsibilities.
- Ability to promote a positive image/reputation of the MMLT
- Ability to research and identify donor prospects
- Excellent interpersonal skills
- Grant-writing ability is an asset
